Introduction:

This policy outlines how parents and carers can support the acceptable use of digital technologies by pupils at Brough Primary School.

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

Aims:

This Acceptable Use Policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that school / academy systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that parents and carers are aware of the importance of online safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The school will try to ensure that pupils will have good access to digital technologies to enhance their learning and will, in return, expect the pupils to agree to be responsible users. Parents and Carers will have access to the “**Acceptable Use Policy – Pupils**” so that Parents and Carers will be aware of the school expectations of the young people in their care. Parents/Carers are requested to sign the permission form below to show their support of the school in this important aspect of the school’s work.

**Parent/Carer Permission Form and agreement to the

I also understand that the school cannot ultimately be held responsible for the nature and content of materials available on the internet and using mobile technologies.

I understand that my son's / daughter's activity on the systems will be monitored and that the school will contact me if they have concerns about any possible breaches of the Acceptable Use Policy.
