Learning Outcome/product

I can tell you some ways that I can get help, if I am being bullied and what I can do if someone teases me.

I can suggest rules that will help to keep us happy and friendly and what will help me keep to these rules. I can also tell you about some classroom rules we have made together.

I can give you lots of ideas about what makes a good friend and also tell you how I try to be a good friend.

Assessment records	List only those children who have not achieved the expected outcomes.

End of unit assessment question

Read the following scenario to the children:

Ash has lots of friends and likes going to school. But one day one of his friends, Sam, was in a bad mood. He was in trouble at home for falling out with his brother and sister. Sam told Ash's friends not to let Ash join in and not to be his friend any more. They were afraid of Sam, so they did what he told them. They left Ash out.

The next day at school, the same thing happened. Ash's friends didn't let him join in with their games at playtime. And the next day, it happened again.

Ask each child to write (an adult can scribe) how Ash might be feeling about being left out by his friends. Then ask the children to write some words about what a good friend does - e.g. is kind.
