

Plastic Lids Recycling Scheme

Please keep sending your plastic lids. They don't have to be just milk bottle tops. They can be any plastic lid.

The Schoolcycled Programme team will squash them into new garden furniture such as outdoor tables, chairs and planters. We have already achieved 5000 tokens so we are not far off a

planter for our Y1/2 outdoor area.

So pop your lids into the boxes around school and watch for new updates on our eco-friendly planters in the new year.
