15th April 2024

Dear Parents,

Phonics Screening Check

All Year One children and some Year Two children will be completing a Phonics Screening Check during the week beginning the **10th June 2024**. This is a statutory national test that we are required to carry out and report on to the Government, that assesses whether children have learnt the sounds expected within Year 1 and Reception.

We have attached a powerpoint presentation that will provide information about the test and how it will be delivered.

The check will be completed by your child's class teacher, they have already completed practice tests and are comfortable with the format.

If you have any queries or questions about the phonics screening check please speak to your child's class teacher.

Thank you for your continued support.

The Key Stage One Team.
