

# Quad Kids 2025

**Tuesday 22nd April 2025 - South Hunsley School**

A selection of our Key Stage 2 children took part in this year's Quad Kids event at South Hunsley towards the end of last month. The event included a long jump event, a throwing event, a long distance run and a short distance run. Each child was expected to participate in each event which was a huge ask in itself! The evening saw some 1st place finishes as well as a good number of 2nd place finishes across the different events and age categories, but, ultimately, we didn't quite achieve enough points to progress to the Finals event. Well done and congratulations to each of our competitors who showed fantastic spirit and determination to complete each of the events and make their watching adults extremely proud!
