

Girls Football

Tuesday 14th October 2025 - South Hunsley School

Our girls made their way to South Hunsley for their first football event of the new school year whilst looking fabulous in their brand new kit! As always, the FOBS logo takes pride of place across the front of the shirts to show our appreciation for everything they do for our school all year round, year after year.

The girls were buzzing with excitement as they took to the pitch against children from other schools in our local cluster. The first game was a close encounter with Welton which finished in a goalless draw followed by a battling defeat against eventual winners North Ferriby. In the third game, the girls were hugely determined to get their first win on the board and came within inches of making that happen against North Cave but the ball would just not quite go in the back of the net and another goalless draw was the result. The girls took their chances, though, in the final game of the evening and came away with a resounding victory against a very resilient Hunsley Primary. It was a very well-deserved result and one which rewarded their hard work and character shown throughout the event. Finishing joint second overall was an achievement to be very proud of and one which the girls can build on as we begin our East Riding Girls Football League later in the school year. Well done, girls!
